

# FOREX PAIRS

You open a 1 lot buy position on EURUSD and your account currency is EUR

Swaps are calculated as:

$$\text{Lots} \times \text{Contract Size} \times \text{Point Value} \times \text{Swap Points}$$

## Example:

Lots		Contract Size		Point Value		Swap Points		
1	x	100000	x	0.00001	x	(-6.5)	=	-6.5 USD

---

(EURUSD price) Then: Convert -6.5 USD to EUR (Account currency) = -6.5 / 1.172

---

EUR will be debited from your account = 5.55 EUR
